## Printing Instructions:

Fill in the form fields prior to printing, or print out certificate and fill it out by hand. Be sure to enter the exact certificate # from the email you received at purchase. Please be sure to adjust your printer settings for "best fit" on 8.5 x 11 paper. Using a 28 LBS paper white paper stock works best, but any 8.5x11 paper will work. Carefully cut around certificate to cut away the dotted lines.  
Note: If using Adobe Reader, you will not be able to save the information you add to this file.
